

# Green Technology: Applications of Organic Carbon, which is produced from EFB (Empty Fruit Bunch of Palm Tree)

## Palm Tree Farm

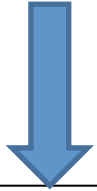

**EE21 Organic Carbon Production Machine**

**Organic Carbon**

**Coal, other Biomass materials**

**Mixing**

**Producing New Fuel having CO2 reduction and high combustor efficiency ( calorie)**

**Supply Power Station as the fuel for Boiler**

**Water**

**Mixing with Water**

**Organic fertilizer Raw materials**

**Soil conditioner**

**Raw materials for agricultural material**
